

ATTENTION ARLEE WATER USERS

It is necessary at this time for the Housing Authority to place watering restrictions for the ARLEE. Due to a drop in our tank level we are placing these restrictions **EFFECTIVE IMMEDIATELY**.

We ask that ALL water users to use the following steps of water conservation, these have been adopted by the SKHA Water Sewer Department to insure adequate water supply to all our customers.

***NO SPRINKLING OR IRRIGATION IS PERMITTED**

***NO HOME SHALL USE AN OPEN HOSE FOR IRRIGATION**

These Restrictions will be enforced throughout the community. Your cooperation on these steps for water conservation will enable the Salish & Kootenai Housing Authority to provide uninterrupted water service to you and your community.

Water Conservation Tips

- Take short showers - a 5-minute shower uses.
- Shut off water while brushing your teeth, washing your hair and shaving.
- Use a water-efficient showerhead. They're inexpensive, easy to install.
- Run your clothes washer and dishwasher **ONLY** when they are full.

NOTE: We are MONITORING water usage at your water meter and by the storage tank level at the office. IF WATER STORAGE LEVEL DROPS further additional restrictions could be placed.

Neighborhood watch, violators will be turned in.

**** VIOLATORS WILL RECEIVE ONE TIME WRITTEN WARNING ****

**** SECOND VIOLATION your water will be shut off; a reconnect fee will then be charged. ****

Any questions or concerns please call (406) 675-4491 ask for Water/Sewer Department
