2025**

*We envision a future of right relationship on the traditional homelands of the Séliš, Qlispé, and Ksanka peoples, where right relationship means living in harmony with the land, with each other, with Spirit, and with ourselves.*

**'Itqa'wxam Nk'úwilš means "to gather together in one place" in Kootenai and "to become one" in Salish.**

*This name invites us to come together in a good way, toward repair of harms from the past several centuries.*
